## COUNTRY CUSTOMERS

**How to Post Your Labels.** Leave the ends of the packet open, so that the contents can be easily examined by the Postal officials. Enquire at the Post Office the correct postage required. *Do not include a letter with your labels, or the Postal Department will return them to you, and you will have to pay extra postage.*

**Write Your Name Plainly on Package.** Write your name and address on the outside of the package, in the bottom left hand corner so that we will know where it came from. Some customers send us labels without their name and address on the packet and then wonder why they do not hear from us.

**1st, 2nd and 3rd Choice.** To save disappointment, make three selections; it saves a lot of writing in case the first article shown is out of stock.

**Write Separate Letter.** Postal regulations will not allow a letter to be enclosed in a packet. Write separately by the same mail, telling us the name of the present selected. Enclose sufficient stamps to cover the cost of postage for the article.

**Breakable Articles.** It is not advisable to send breakable articles through the post. You are strongly advised to select articles which cannot break in transit.

## CUSTOMER'S RISK

Whilst every care is taken in the packing, no responsibility can be accepted for the safe transit of breakable goods such as crockery, glassware, earthenware, etc. All liability for breakage in transit must be accepted by the customer.

***This Catalogue is issued subject to articles being in stock, and designs, values and quantities offered are subject to alteration in any way without notice.***

# WHY LAN-CHOO TEA OFFERS BONUS PRESENTS

If you buy 18 lb. of tea at a time, you usually obtain a reduction in price, a quantity discount or a bonus. The Lan-Choo Tea Co. offers you this quantity discount no matter how, when or where you buy its tea.

A customer buying  $\frac{1}{2}$  lb. of tea every week for 36 weeks is just as good a customer to the Lan-Choo Tea Co. as one who buys 18 lb. of tea at a time and then takes 36 weeks to use it. Buy your Lan-Choo Tea little and often and you will get it fresh. Freshness in tea is more than half its value. It means more flavor, more strength, more enjoyment. You are asked to save the labels to show you have bought the quantity and then you receive a bonus in the form of a present which you can select from this catalogue.

Presents are offered instead of cash discount because by this means greater value can be given. These presents are bought in large quantities at wholesale prices.

The Lan-Choo Tea bonus idea is really a profit-sharing plan by which its regular customers benefit.
